

### Jefferson Health's Participation in Health Information Exchanges

Jefferson Health participates in Health Information Exchanges (“HIEs”) which, through secure connected networks with health care providers who participate in the HIEs, makes it possible for us to electronically share protected health information to coordinate patient care. We may electronically share your medical information through HIEs, among participating HIE members for the purposes of treatment, payment, health care operations, and other authorized purposes, to the extent permitted by law.

Jefferson Health participates in the following HIEs

- Care Everywhere Network
- eHealth Exchange
- Camden Coalition
- HealthShare Exchange of Southeastern Pennsylvania, Inc.
- CommonWell

You have the right to “opt-out” or to decline participation in any HIE that we participate in. To opt out of participating in HIEs at Jefferson you may use the Request for Restriction of Protected Health Information form found at:
